NARCOTIC DETECTION DOG PROPOSAL
CITY OF NEWPORT, OREGON

1) One Trained Narcotic Detection Dog (German Shepherd, or Malinois)	\$ 8500
2) 80 Hour Narcotic Detection Dog Class in Custer, WA	<u>\$ 3500</u>
	<u>\$ 12,000</u>

**** Accommodation, travel to Custer and meals not included ****

Dogs: Pacific Coast K9 agrees to provide one fully trained narcotic detection dog to the Newport, OR Police Department (hereafter referred to as the "Buyer"). The dog will also have basic obedience training. If the Buyer selects a class with the dog, Pacific Coast K9 will provide two fully trained narcotic detection dogs for the class. This will allow the handler maximum "leash time" with a dog, and also allow them to select the dog they prefer. At the end of the training class, the Buyer will select the dog they wish to purchase and the other dog will be retained by Pacific Coast K9.

Training: The training includes an 80 hour handler class with Ken Pavlick or alternate Pacific Coast K9 trainer, comprised of both classroom and practical instruction, for one dog handler and one or more supervisors (longer classes available by request). Hours each day are flexible - day or evening schedule. Training will occur in a variety of sites realistic for the department's work environment (e.g. buildings, passenger vehicles, trucks, schools, residences).

Guarantee: The dog will have a one year health guarantee against any genetic health defects (does not include injury caused by accidental means, human error, etc.) Hip x-rays and shot records will be provided. The dog will have a six month working ability guarantee (training records must be maintained, problems documented and discussed with Pacific Coast K9 as they arise). The Buyer will compensate Pacific Coast K9 for the serious injury or death or any dog (caused by negligence) during the training period.

Follow-up: Pacific Coast K9 staff will be available by telephone and email to assist with any possible training and deployment issues that may arise with the new teams.

Payment: The Buyer agrees to pay a deposit of 50% (\$5000.00) upon signing of the contract. Balance is due upon completion of training.

Other: Pacific Coast K9 reserves the right to include up to a maximum of three additional handlers on the class.

**Prices quoted are in effect through December 1, 2016.
